

Security Comes From Strength

11 Line Bored Lock

*Office Security
Function with Indicator*

The right combination of freedom and security

SARGENT designed the 11 Line to meet the demanding, ever-changing requirements of government and military facilities. The unique T-Zone construction easily exceeds ANSI/BHMA Grade 1 requirements for torque and cycle testing, ensuring durability in high-traffic applications. A single lock body and wide variety of functions and trim provides flexibility and ease of management to meet needs throughout the base or building. Durable, flexible, reliable—for government and military facilities, this lock is ready to serve.

Applications

Barracks • Maintenance Shops • Medical & Dental Clinics
DOD Schools • HQ/Admin facilities

11 Line Bored Locks

Features

- 18 functions available, including many functions are field changeable requiring no additional parts
- Integrates into most existing facility's key systems - accepts SARGENT key systems including Degree® and Signature; also accepts SFIC and Schlage® and Medeco® LFIC
- Fits standard 161 door prep and is non-handed
- Simple cylinder removal provides easy change outs
- Made from 68% post-consumer recycled content as per LEED MR credit 4
- Available in 13 hardware finishes and Microshield® antimicrobial coating
- 10-year limited warranty

Benefits

- **Durable and Reliable:** Independently-verified cycle testing proves the 11 Line will last the lifetime of the facility. No through bolts or surface screws to be installed improperly or forgotten; T-Zone construction prevents the lock from twisting
- **Flexible:** Integrates with numerous key systems and utilizes one lockbody for multiple functions, simplifying facility maintenance
- **Lower Cost of Ownership:** Fewer inventoried parts combined with a high number of opening cycles results in less time and frequency for maintenance and reduced overall expenses
- **Safe and Secure:** Torque resistant construction provides ability to withstand tough environments to keep occupants and property safe and secure
- **Sustainable:** Contributes to your sustainability efforts - fewer lock replacements due to long life and high post-consumer recycled content
- **Healthy Environment:** Microshield® coating available; supplements your cleaning protocol for a healthier environment for staff and the public

Durability and Cycle Testing

- Withstands more than **TWO TIMES** ANSI/ BHMA A156.2 Grade 1 torque force on a locked lever
- T-Zone lock technology tested to **15 times** the standard in ANSI/BHMA A156.2 Grade 1 cycle testing.
- **15 MILLION cycles equals** over 55 years of opening life in many facilities!

Security Continuum

Using a combination of the 7, 10, and 11 Line locks, each opening can have the right level of strength, durability and flexibility. This floor plan shows how the combination of these locks secure the diverse openings in a government or military facility all with the same key system!
